

To whom it may concern:

January 28th 2020

Smartins & Pires Ltda has been representing our company for over 10 years in Brazil and the South American market place. They have shown to be tremendously successful in providing sales, technical knowledge and most of all knowledge of the local market place in Brazil. They have become a trusted partner from the moment we signed them to be our sales representatives. Throughout the years we have learned to appreciate the high levels of service they repeatedly provide. Such as new opportunities in the medical market for our etched products and shielding products as well.

We at Tech-Etch Inc. are very satisfied and happy to be represented by Smartins & Pires Ltda and look forward to a long-lasting relationship.

Sincerely,

Peter Stavrous | Business Development Manager
